

Loyalzoo
by Loyal Zoo Ltd

The easiest loyalty card app for your Clover POS. Turn customers into regulars in one simple tap.

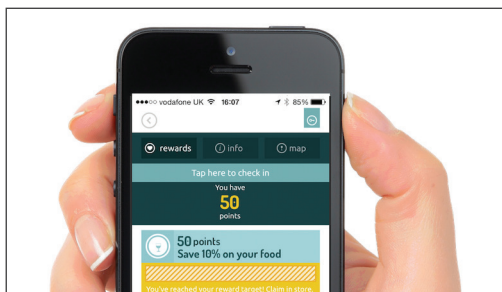

With Loyalzoo's loyalty app, merchants on average experience a sales increase of 11% from customers they already have - without cutting prices or spending on marketing. Creating your own loyalty program with Loyalzoo takes just minutes; simply go to the Clover app market and find Loyalzoo. Choose the rewards you want and you're ready to go.

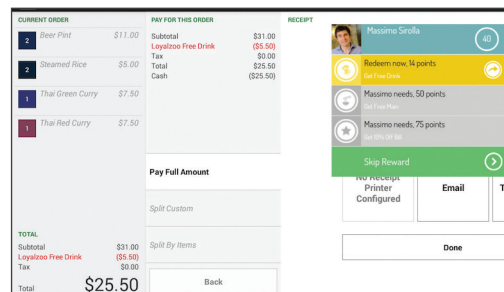

Loyalzoo will appear as a button on the register. To give loyalty points, you only need to click on it and select the customer – we do the rest.

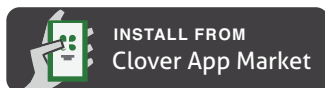

You can send push promotions directly to your customers phones, it's a great way of sharing promotions and inviting customers back

Loyalzoo is quicker than stamping a card - a tap from the customer followed by a tap from the staff is all you need. It only takes 2 seconds!

Choose the rewards that suit your business. When redeemed they'll show up in the order summary, giving you full control every step of the way.
