

eCard Gift Cards by eCard Systems, Inc.

Gift cards made easy.

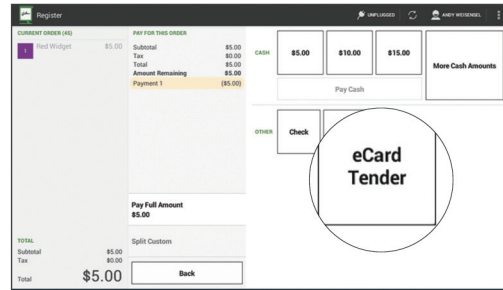

Get eCard's integrated Gift Card App for your Clover POS. Single or multiple stores. New, or transfer an existing program.

Successful merchants know that a well-designed gift card or prepaid program generates significant revenue, new customers and repeat business. With eCard Systems, your gift cards, packaging and displays will look tremendous. Add seamless functionality within your Clover POS system and you'll have everything you need to achieve your gift card potential.

Easily sell a gift card by selecting a preset value, or entering the specific amount your customer desires

The eCard app automatically sets up gift cards as a payment option within Clover called eCard Tender

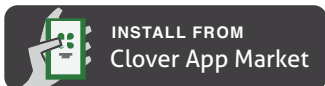

Balance by smartphone.

A special "smart" QR code on the back of the gift card lets your customers check their card balances with their smartphones

The Icing. The Sizzle.

This is the part your customers see. The card design, the quality, the packaging. Your brand. The tangible part that makes it a great gift.
